

REDEFINING BUILDING COMMUNICATION

ELEVATE YOUR COMMUNICATION TO THE NEXT LEVEL

KONE Information provides a simple yet flexible way to communicate with the people who use your building.

You can share targeted content via KONE MediaScreens in lifts and KONE MediaPlayers connected to other screens in your building.

Instead of relying on messy noticeboards and time-consuming manual updates, you can publish content quickly and easily from any PC with an internet connection.

TAKE CONTROL OF YOUR COMMUNICATIONS

KONE takes care of everything so you can focus on delivering the best communication experience for everyone who uses your building.

With KONE Information, all you need to do is choose the content to display from the available apps then publish immediately or schedule for later.

The service includes advanced features such as social media content sharing with filtering and post approval.

The service fee covers connectivity, cyber security and software updates, and monitoring of the KONE Information system 24 hours a day, 7 days a week.

MEDIASCREEN

Reach lift passengers with targeted information via a connected screen.

HOW IT WORKS

KONE provides innovative and eco-efficient solutions for lifts, escalators, automatic building doors* and the systems that integrate them with today's intelligent buildings.

We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernisation. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace® DX, KONE NanoSpace™ and KONE UltraRope®.

KONE employs close to 57,000 dedicated experts to serve you globally and locally.
