Sustainability
as our core value

We choose sustainability every day. Our objective is to be a leader in sustainability – not only in our own industry, but also beyond. We want to help our customers make cities better places to live and be their most trusted partner for them throughout their building life cycle.

Design online with KONE Studio

Explore different lift options and configurations online before starting a new project. Make the right design choices, use the correct dimensions and get accurate planning specifications.

Design with 3D visuals

Find the look you love with a simple, easy-to-use and free online design tool.

Use exact building specifications

Optimise planning with accurate and always up-to-date product data.

Save project details

Test and finalise your custom designs, then make changes later if needed.

Export CAD and BIM drawings

Identify potential issues and plan ahead to avoid surprises during construction.

KONE Interact 20
Our versatile, modern user interface device range has everything you need to ensure clear guidance and make lifts as easy as possible for people to use.

KONE provides innovative and eco-efficient solutions for lifts, escalators, and the systems that integrate them with today's intelligent buildings. We support our customers every step of the way: from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in managing the smooth flow of people and goods throughout buildings. This makes us a reliable partner throughout the life cycle of buildings. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE 24/7 Connected Services and KONE UltraRope®. KONE employs over 63,000 dedicated experts to serve you globally and locally.
